

PROJECT INQUIRY / YOUR BRIEF

Website project brief

More detail helps us scope accurately. Unknown answers are welcome.

Your name, project and email

Include a phone number only if you prefer a call.

Your current website and starting point

Existing URL, or a new website; what works and what needs to change.

What should this website experience accomplish?

Goals, audience and the main action you want visitors to take.

Pages, content and brand assets

Pages you need; logo, photos and copy you have; content you want to edit.

PROJECT INQUIRY / YOUR BRIEF

Website project brief

More detail helps us scope accurately. Unknown answers are welcome.

Required features and connections

Forms, booking, payments, shop, CRM or other systems. Separate essentials from extras.

Content, access and operating needs

Who maintains it? Hosting, languages, accessibility needs and existing systems.

Budget, target date and flexibility

A range or "please advise" is fine. Mention a fixed deadline and why it matters.

References and other project context

Links you like, decisions still open and features you want to avoid.
